Re: HD Bridgeport FDC Conversion
Water Service Will Serve Request
Block 3104 Lot 6
Township of Logan
Gloucester County, New Jersey
HAMMER #19220

Dear Ms. Gavel:

We would like to request "will serve" letter for water service to the above referenced project. The project proposes to convert an existing Home Depot Bulk Distribution Center into a Flatbed Distribution Center. The existing water service for the building will remain and be utilized to service the converted facility. We have enclosed a copy of the layout plan and existing and proposed water demand calculations for your reference.

Please provide us with your input at your earliest convenience. Should you have any questions, please do not hesitate to contact me. Thank you for your assistance.

Sincerely,
Hammer Land Engineering

A handwritten signature in black ink, appearing to read "Clinton Miller", is written over a light blue horizontal line.
